

SCOTTISH RITE HAS LOAN FUND TO HELP CHILDREN OF MASONS GET UNIVERSITY EDUCATION

FUNDING are being raised by the lodges of the Ancient and Accepted Scottish Rite of Freemasonry in Texas to establish a loan fund for sons and daughters of Masons who are financially unable to acquire education. J. J. Orembe and Crawford Harvie represent the Mount Franklin lodge of Perfection No. 5 and have charge of contributions from this district.

The Scottish Rite place of Dallas raised \$12,500 for this fund, and the San Mar Temple of the Rite of Austin, \$1000 for two scholarships. Many lodges and shrines of the state have contributed. The money is to be repaid into the fund out of the first earnings of the student after acquiring his education. A corporation has been formed to control the funds of the loan and to establish student dormitories at the University of Texas. This corporation is known as the Scottish Rite Educational Association of Texas.

Power of the corporation is vested in a board of directors consisting of 11 members. The sovereign grand inspector general in Texas is by virtue of his office one of the members of the board. Each of the five lodges of Perfection in the state is represented by two members. The personnel of the board is as follows:

Sam P. Cochran, Dallas, sovereign grand inspector general in Texas; D. W. McLeod, San Felipe lodge of Perfection No. 1, Galveston; T. J. Harbrook, San Felipe lodge of Perfection No. 2, Galveston; James W. E. Cleaton, Piquette lodge No. 4, Austin; D. K. Woodward, Jr., Piquette lodge No. 4, Austin; Mike H. Thomas and W. C. Temple, Dallas lodge of Perfection No. 7, Dallas; J. J. Orembe and Crawford

Harvie, Mount Franklin lodge of Perfection No. 5, El Paso; W. E. Fry and J. S. Blackstone, Brier lodge of Perfection, San Antonio.

All business transactions of the board are to be carried on in Austin. The primary object of the Scottish Rite Educational Association is to erect dormitories for the sons and daughters of Masons who are financially unable to acquire education.

Many individuals wishing to do more than what was being done by the lodges as bodies volunteered to give certain amounts for the aid of students, and because of this the loan fund was founded.

El Paso Legion To Plan Establishing Clubroom

Legionnaires of the local post will discuss the establishment of a clubroom at the regular meeting of the organization tonight at the chamber of commerce building.

Detroit's first yellow woman is Miss Virginia Mae Murray, who will have a staff of from 11 to 15 women.

Temperance, five investment, Lee Newman, (elemental specialist) Ph. 4604-Ad.

Picturesque Mexico: Lake Chapala

NEWLY completed boat house at Lake Chapala, near the city of Guadalajara in Mexico. Lake Chapala is one of the most beautiful spots in Mexico and its climate is much like that of Switzerland.

A Belgian corporation has lately taken over the property, including the railroad between Guadalajara and Chapala, and is planning to spend

several million dollars on improvements. This combination station and office for the first of the buildings to be erected. A diamond hotel is to be built, also.

The lake covers a large area and its borders are covered with beautiful water lilies. Native boatmen with row boats and small power launches take tourists from place to place about the lake.

A picturesque village, built about the customary plaza and with the usual church, lies along the water's edge not far from the railroad station shown in the picture.
